

Bridging Business Buyer and Seller

To Whom It May Concern:

Last year my husband and I decided to sell our business and retire after 30 years in auto service. We were referred to Tony Darcangelo at MCA Business Brokers by RSR Realtors.

When we met with Tony, he spent a lot of time understanding the nature of our business and the kind of buyer who we were looking for. MCA carefully screened each person who expressed an interest in purchasing our business.

When we finally decided on a buyer, MCA worked with us on the terms of the purchase agreement and worked with the buyer to secure the financing needed to get the deal done. Tony kept us informed each step of the way. I'm happy to say that we had a very successful ownership transition.

I would highly recommend MCA Business Brokers to anyone interested in selling or buying a business. Tony and his staff at MCA did everything possible to help us reach our goals.

Sincerely,
